Aggregate Overview Footnotes

¹ Net Investment is the total value of contributions and withdrawals (excluding unsupervised assets) made by the client since the inception date of the account. This includes Misc. Expenses received from the custodian.

² Time Weighted Rate of Return (TWRR) is calculated net of all fees. Time Weighted Rate of Return (TWRR) is used to compare your portfolio returns versus benchmark indices (such as S&P 500). This report has been generated on the platform powered by Envestnet, Inc. (the "Platform Manager"). If your report contains data from periods prior to the time your account was set up on the platform, that data was supplied by third-party sources and has not been independently verified by Platform Manager.

³ A benchmark is an unmanaged index, and its performance does not include any advisory fees, transaction costs or other charges that may be incurred in connection with your investments and/or managed accounts listed. Any benchmark whose return is shown for comparison purposes may include different holdings, a different number of holdings, and a different degree of investment in individual securities, industries or economic sectors than the investments and/or investment accounts to which it is compared. Investors cannot invest directly into a benchmark or index. All portfolio returns for all periods are expressed in USD. All benchmark(s) returns reflect the same currency as the portfolio returns presented. Yearly performance values (e.g. Trailing 3 Years) shown are from the specified period up to Feb 28, 2018. The benchmark(s) for the account(s) 44034236, 26071320, 35523070, 37943656 are customized benchmarks that segments specific blended benchmarks into different time periods (as noted herein) to reflect the corresponding changes in your portfolio's investment strategy over time. The intent of these segmented benchmarks is to seek to provide a more accurate comparison to which returns can be evaluated effectively. This report has been generated on the platform powered by Envestnet, Inc. (the "Platform Manager"). ² A benchmark is an unmanaged index, and its performance does not include any advisory fees, transaction costs or other charges that may be incurred in connection with your investments and/or managed accounts listed. Any benchmark whose return is shown for comparison purposes may include different holdings, a different number of holdings, and a different degree of investment in individual securities, industries or economic sectors than the investments and/or investment accounts to which it is compared. Investors cannot invest directly into a benchmark or index. All portfolio returns for all periods are expressed in USD. All benchmark(s) returns reflect the same currency as the portfolio returns presented.
